TRACKS 101

SATURDAYS, 3-4 PM (EXCEPT OCTOBER 14th)

Do you want to know about the nuts and bolts of trains, or at least the tracks and other facilities they use? The Museum is offering a series of presentations on the civil engineering aspects of railroads. Each session begins at 3:00 p.m. and lasts about an hour, and is included with museum admission. The content is an abbreviated version of a class to be offered next year in Cal Poly's Civil Engineering program. Attendees are not required to do calculations, but they can if they want to just for fun.
