## La Condesa Arrives in Santa Maria

Early on Monday morning, October 22, 2007 Museum Vice President **Karl Hovanitz** and Treasurer **Dave Rohr** climbed aboard *La Condesa* in Los Angeles for the trip to Guadalupe.

After seemingly endless months of planning and making arrangements, the Countess was pulled out of the spur in Fullerton where she had been parked for over 20 years and coupled to the back of Amtrak train 799 for the trip north.

After arriving in Guadalupe around noon, the 1926 Pullman Observation Car was coupled to Santa Maria Valley Railroad's Geep-9 and hauled to Santa Maria where it sits today.

*La Condesa speeds across the bean fields, pulled by Santa Maria Valley Railroad's GP-9 number 1801, on its way from Guadalupe to Santa Maria.*

*After arriving in Santa Maria, La Condesa is parked by the SMVR offices at 628 South McClelland Street in Santa Maria. A line of speeders that were in town for a Motor Car Operators West (MOW) meet can be seen sitting on the adjoining track.*

## Help Badly Needed

This year's **Pacific Coast Railroad Roundup** has been scheduled for the weekend of May 10th and 11th so it will not be competing with Railroad Days in Fullerton, California. This change of dates will mean that more vendors and visitors from Southern California will attend our event. More Museum Members are needed to contribute their time and energy to make this fund raiser a success. We had a good turnout last year, but we need even more. Please contact **John Marchetti** at [janddmarchetti@aol.com](mailto:janddmarchetti@aol.com) or **481-6160** to sign up today.

## Track Removal from CMC Completed

The next phase of the track removal project at the California Mens' Colony (CMC) was completed on December 2, 2007. Brad LaRose, Duane Powell, Dave Rohr and Ted VanKlavern, using a crane and forklift provided by

Superior Crane Company, loaded over 300 railroad ties onto a flatbed truck and moved them to the Emily Street Yard. All that remains to be removed from CMC is approximately 7 dump truck loads of ballast.

# Thorne Family Photo Collection

Train No. 22 at San Luis Obispo circa 1915. Frank Aston Photography.

Train No. 21 crossing Stenner Creek trestle circa 1915. Frank Aston Photography. Kelsey Thorne, 1912

In the Fall 2006 issue of *Coast Mail* we printed the picture of **Kelsey Thorne**, seen above, which had been given to us along with some railroad photographs without any information about him. We were soon put in contact with Kelsey's son **Charley Thorne**, who is a retired railroader living in San Luis Obispo. Charley told us a little about his father and let us copy some other railroad photos which we published in the Winter 2006 *Coast Mail*.

**Noah Bullock**, great-grandson of **Kelsey Thorne**, has donated nine railroad photographs to the Museum.

The collection, which dates from about 1915, includes; a picture of the roundhouse shot from Terrace Hill, one photo of a train at SLO depot, four photos of trains on the Stenner Creek trestle. The other four pictures are of a train wreck just north of the Cuesta Grade in 1915.

All of the photographs taken in and around San Luis Obispo are mounted in matts bearing the name of *Frank Aston Photography*. Anybody know who he was? Maybe there are more of his railroad photos lying around.

All of the pictures shown on this page are details electronically cropped from the originals.

## Walter Rice

One of the original members of the *Avila Valley Railroad Museum*, now the *San Luis Obispo Railroad Museum*, died December 12, 2007.

**Walter E. Rice, Ph.D.**, was a Cal Poly professor for 36 years. He was well known in academic circles for his innovations in the teaching of Transportation Economics.

He was better known among Museum members and other railfans for his authoring books about rail transportation. He wrote with *Karl Hovanitz*, a book about the Swanton Pacific Railroad. His most recent work, *Rails of California's Central Coast*, will be offered for sale, by the Museum, at this year's Railroad Roundup in May.

A monetary donation was made to SLORRM by **Joe and Janet Kourakis** in honor of **Walter Rice**.

This will help reduce printing and mailing costs. The Coast Mail is posted on the [slorrm.com](http://slorrm.com) web site. If you would rather read it there and not get a paper copy please let us know by e-mail. This too will save money for the Museum.

## Editor's Note

For those of you who haven't heard, I moved to Salem, Oregon. Thanks to the wonders of e-mail and modern electronics, I can still write and edit the Coast Mail.

However, not being on the Central Coast makes it more than difficult for me to gather the news. Now, more than ever I need your help keeping up with all the events and happenings involving the Museum.

Please e-mail stories and pictures to me at: [rrbill10@comcast.net](mailto:rrbill10@comcast.net). Don't worry if you think that your writing skills are less than perfect. I will fix the spelling errors and help the grammar. That's what an editor is supposed to do. Photographs of current events or historic scenes are equally useful. If you e-mail pictures, please put them in **jpeg** format at 300 dpi or more.

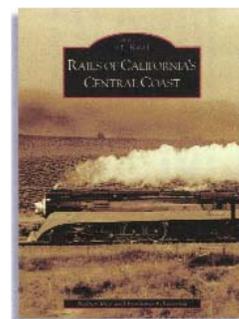

If you're still not comfortable with e-mail, my address is Bill Pyper, Post Office Box 885, Salem, OR 97308.

**Family Life Memberships:** receive special laminated membership cards for all family members, the Coast Mail newsletter, two enameled pins, two embroidered patches, and voting rights for life for two people residing at the same address. *Use the age of youngest family member to calculate amount due.*

0-17 years of age . . . . . \$1800 or 5 payments of \$420  
 18-39 . . . . . \$1350 or 5 payments of \$330

 62 and older . . . . . \$450 or 5 payments of \$150

If making payments the life membership card will be sent upon receipt of final payment. Until such time as the life membership is paid in full, the member will receive a yearly membership card. All payments made toward a life membership are non-refundable and failure to make a scheduled payment by the due date will result in forfeiture of all funds paid toward the life membership. Payment plans include yearly member dues.
